		Minimum investment	\$25,000 initial, \$5,000 additional

What does the MIC invest in?

The MIC was formed with the intent to provide investors with an opportunity to invest indirectly, by holding MIC Class C Shares, in mortgages in the mid-tier lending markets.

Management believes that the mid-tier lending markets may be under-serviced by the large financial institutions in Canada and there are attractive opportunities to underwrite well-structured, secure mortgage loans with attractive pricing. Accordingly, management believes that the mid-tier lending markets present a significant opportunity for short term, customized loans to experienced borrowers who often require faster execution and more flexible terms. Typical loan size ranges from \$250,000 to \$2,000,000, but may be significantly smaller or larger in some cases and typical loan terms are from 12 to 24 months in duration.

The charts below give you a snapshot of the MIC's investments on March 31, 2018. The MIC's investments will change.

Monthly updates on the MIC's portfolio highlights, applicable fund performance, mortgage portfolio summary and mortgage portfolio details will be provided on Carecana Management Corp.'s ("CMC") website at www.carecanacorp.com.

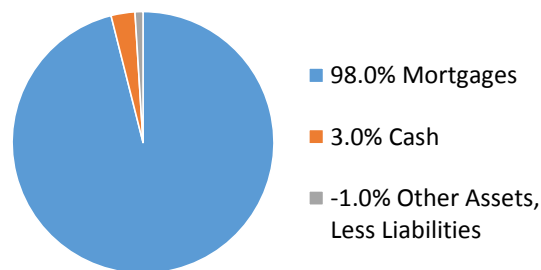

Top 10 investments (March 31, 2018)

	% of Total Value
1. Mortgage 216993	16.5%

Investment Mix (March 31, 2018)

Mortgages: 100% in good standing

A Mortgage is considered to be "in good standing" if monthly interest payments and principal are less than 90 days outstanding in accordance with the terms of the agreement.

How risky is it?

The value of the MIC can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a MIC's returns change over time. This is called "volatility".

In general, MICs with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. MICs with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

No guarantees

Like most mortgage investment corporations, this MIC is not guaranteed or insured. You may not get back the amount of money you invest.

Risk rating

Carecana Management Corp. has rated the MIC's risk as **HIGH**.

This rating is based on how much the MIC's returns have changed from year to year. It doesn't tell you how volatile the MIC will be in the future. The rating can change over time. A MIC with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the MIC's returns, see "Item 8 - Risk Factors" section of the MIC's current Offering Memorandum.

How has the MIC performed?

This section tells you how Class C Shares of the MIC have performed since inception. Returns are after expenses have been deducted. These expenses reduce the class returns.

Year-by-year returns

The year-by-year returns are not available for the MIC's Class C Shares as they have not been distributed to the public under an Offering Memorandum for a full calendar year.

Best and worst 3-month returns

The best and worst 3-month returns are not available for the MIC's Class C Shares as they have not been distributed to the public under an Offering Memorandum for a full calendar year.

Average return

The average return is not available for the MIC's Class C Shares as they have not been distributed to the public under an Offering Memorandum for 12 consecutive months.

Who is this MIC for?

This MIC may be suitable for investors who:

- Are investing for the medium to long term.
- Are more interested in income than growth.
- Are seeking monthly distributions.
- Can handle an investment that is not guaranteed.
- Can handle retraction limitations.

This MIC may not be suitable for investors that require liquidity or a guaranteed source of income from their investments.

A word about tax

In general, you'll have to pay income tax on any money you make from the MIC. How much you pay depends on the tax laws where you live and whether or not you hold the MIC in a registered plan such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold the MIC as a non-registered investment, MIC distributions are included in your taxable income, whether you get them in cash or have them reinvested.

How much does it cost?

The following tables show the fees and expenses you could pay to buy, own and retract Class C Shares of the MIC. The fees and expenses – including any commissions – can vary among classes of the MIC and among mortgage investment corporations.

1. Compensation paid to Sellers and Finders, and Early Retraction Charges

There is only one purchase option when you buy Class C Shares of the MIC.

Purchase Option	What you pay as an early retraction charge		How it works
	In percent (%)	In dollars (\$)	
Deferred sales charge option	If you retract: Within 1 year of buying 3.0% Within 2 years of buying 2.0% Within 3 years of buying 1.0% After 3 years 0.0%	\$0 to \$30 on every \$1,000 of subscription price you retract	<ul style="list-style-type: none"> • When you buy, an upfront fee is negotiated with and paid to the Registered Dealer, up to a maximum of 3%. • An upfront fee is paid by CMC and will not impact your returns or the value of your investment. • You will pay an early retraction charge if you retract Class C Shares within 3 years of your issue date. • Any early retraction charge you pay is deducted from your retraction price and paid to CMC. The early retraction charge is the applicable percentage of the product of the subscription price and the retracting Class C Shares.

2. MIC Expenses

You don't pay these expenses directly. They affect you because they reduce the MIC's returns.

The MIC's expenses include, but are not limited to, the manager fee, mortgage broker fee, and general and administrative expenses. The manager fee is 1.35%, per annum, of the gross assets of the MIC attributable to the Class C Shares. The mortgage broker fee is 0.15%, per annum, of the gross mortgage portfolio of the MIC and the general and administrative expenses are estimated to be 0.20%, per annum of the gross assets of the MIC. Because the Class C Shares have been distributed for less than 12 consecutive months, an annual manager fee, mortgage broker fee, and general and administrative expenses is not yet available.

About the ongoing trailer fee

The MIC does not pay an ongoing trailer fee on the Class C Shares.

3. Other Fees

You may have to pay other fees when you buy, hold, or retract Class C Shares of the MIC.

Fees	What you pay
<i>Transaction Processing Fee</i>	You may have to pay the MIC a reasonable transaction processing fee to be established by the MIC from time to time, for processing retraction requests, share transfers and requested changes to your Class C Shares, such as name changes, address changes, dividend payment option changes, certificate issuances or re-issuances and additional reporting requests.

What if I change my mind?

Under securities law in some provinces and territories, you have the right to cancel your purchase within two business days after signing the subscription agreement to purchase Class C Shares.

In some provinces and territories, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the Offering Memorandum, MIC Facts sheet or financial statements contain a misrepresentation. You must act within the time limit set by the securities law in your province or territory.

For more information, see the securities law of your province or territory or ask a lawyer.

Conflicts of Interest

As the MIC's directors and officers may also be directors, officers, or shareholders of affiliates of the MIC, there may be conflicts of interest if the interests of these companies are inconsistent.

Carecana Management Corp. ("CMC") - Manager

The MIC and CMC have common securityholders, directors and officers. The manager services of CMC and its directors, officers, employees, affiliates, agents and contractors are not exclusive to the MIC and CMC has been appointed to act as the restricted portfolio manager and investment fund manager to other related mortgage investment corporations and may, from time to time, be appointed to act as the restricted portfolio manager and investment fund manager to other investment vehicles, some or all of which may have investment objectives similar to those of the MIC and may engage in transactions in the same type of securities and instruments as the MIC. In providing the manager services to multiple clients, CMC may occasionally face conflicts between its interest and those of its clients, or between those of one client and those of another. Furthermore, CMC may have potential conflicts of interest relating to the MIC such as the fact that the economic success of CMC is tied solely to the management of related/connected issuers and its only source of revenue is investment fund management services fees from such related/connected issuers which is not tied to the financial performance of the entities. Additionally, CMC calculates the net asset value and the MIC's asset value and its fee is based on the gross assets of the MIC. CMC controls conflicts of interest through the adoption of a fair allocation policy, developing investment policy statements for the MIC and each of the related mortgage investment corporations and employing a Chief Compliance Officer who has no interest, including as a director, officer, or voting shareholder, in the MIC, CCI, CVC, CSC or any of the related mortgage investment corporations. As needed, related parties will be excluded from CMC's credit committee decision process.

Conflicts of Interest (continued)

CareVest® Capital Inc. ("CCI") - Mortgage Broker

The MIC and CCI have common securityholders. Under the Mortgage Broker Agreement, CCI must render its services on a non-exclusive basis honestly and in good faith and must use reasonable commercial efforts to perform its duties and responsibilities in a conscientious and reasonable manner. However, CCI, its directors and officers and its affiliates may at any time and currently do engage in promoting, operating or managing other entities or their investments including real property financing and investments that may compete directly or indirectly with the MIC. CCI intends to and has established other entities that may be involved in transactions which conflict with the interests of the MIC. CCI has sole discretion in determining which mortgages and investments it refers to the MIC and CMC for approval and will, at the same time and on an on-going basis, be sourcing investment opportunities for its own account or the account of others. Title to mortgages held on behalf of the MIC will be registered in the name of CCI or its affiliate, or a nominee bare trustee for the MIC or CCI and held in trust for the MIC. CCI controls conflicts of interest through separate directors and officers.

CVC Market Point Inc. ("CVC") - Exempt Market Dealer

The MIC is a connected issuer and may be considered a related issuer to CVC. The MIC has determined that it is a connected issuer and may be considered a related issuer of CVC by virtue of CVC's role as an exempt market dealer engaged to sell Class C Shares, on a non-exclusive basis, and based on the fact that the MIC and CVC have common securityholders. In addition, CVC and the Manager have common securityholders, and CVC is currently considered a "captive dealer". A conflict of interest exists between CVC's financial incentive to sell the client securities of its related or connected issuers, and CVC's regulatory obligations to know your client, know your product, only recommend suitable investments to clients and CVC's duty to act fairly, honestly and in good faith with its clients. CVC also acts as the exempt market dealer for the other mortgage investment corporations and CCI to execute trades in the mortgage portfolio. CVC controls conflicts of interest through having directors and officers of CVC who have no interest, including as a director, officer or voting shareholder, in the products CVC sells, completing independent product due diligence by individuals who have no interest, including as a director, officer or voting shareholder, in the products CVC sells and employing a Chief Compliance Officer who has no interest, including as a director, officer or voting shareholder, in the products CVC sells. CVC also discloses these potential conflicts of interest to its clients in client disclosure documents on its website, in trade confirmation reports and in marketing material.

Carecana Settlement Corp. ("CSC") - Funds Administrator

The MIC and CSC have common securityholders. CSC provides funds administration services, on a non-exclusive basis, to the MIC and each of the related mortgage investment corporations. Furthermore, assets of the MIC administered by CSC are held in a distinct and separate trust account of the MIC at a Schedule I bank. All assets of the MIC administered by CSC shall be held in the name of the MIC or a nominee thereof with an account number or other designation in the records of CSC to facilitate the distribution of the funds only. CSC controls conflicts of interest by not disbursing any assets of the MIC administered by CSC without the prior written instructions of CMC.

CareVest® Operations Corp. ("COC") - Consulting and Corporate Services

The MIC and COC have common securityholders and directors. COC provides general corporate services, on a non-exclusive basis, to each of CMC, CCI, CVC and other related mortgage investment corporations and other affiliated entities. In addition, each of CMC, CCI and other affiliated entities provide consulting services to COC. CMC and CVC are responsible for compliance oversight and monitoring of COC.

Refer to the MIC's current Offering Memorandum "*Item 2.1 - Structure - Affiliates of the Corporation*", "*Item 2.8 - Conflicts of Interest*" and "*Item 8 - Risk Factors - Conflicts of Interest*" for a more detailed discussion of each conflict and for how the above entities intend to either avoid, control or disclose the conflicts of interests.

**Valmor Mortgage Investment Corporation is a connected issuer and may be considered a related issuer of CVC Market Point Inc.
Valmor Mortgage Investment Corporation is a connected and related issuer of Carecana Management Corp.**

This is for information purposes only and is not an offer to sell or a solicitation of an offer to purchase any security. Any offering of securities will be conducted in specified jurisdictions using offering documentation prepared in accordance with applicable law. You should read those offering documents before making any investment decision as they will contain disclosure regarding the offering terms, risks, conflicts of interest and other discloser relevant to making an investment decision. Investment opportunities available through CVC Market Point Inc., an exempt market dealer registered in Alberta and British Columbia, are only suitable for investors who are qualified to purchase the securities, are familiar with, and have the ability and willingness to accept the high risk associated with private investments.
